

# HOW DOES NUCLEAR ENERGY BENEFIT ONTARIO?

## RELIABLE

Last year, nuclear energy provided **62%** of Ontario's electricity.

Source: Independent Electricity System Operator

## CLEAN

Serious about climate change?  
**GET SERIOUS ABOUT NUCLEAR.**

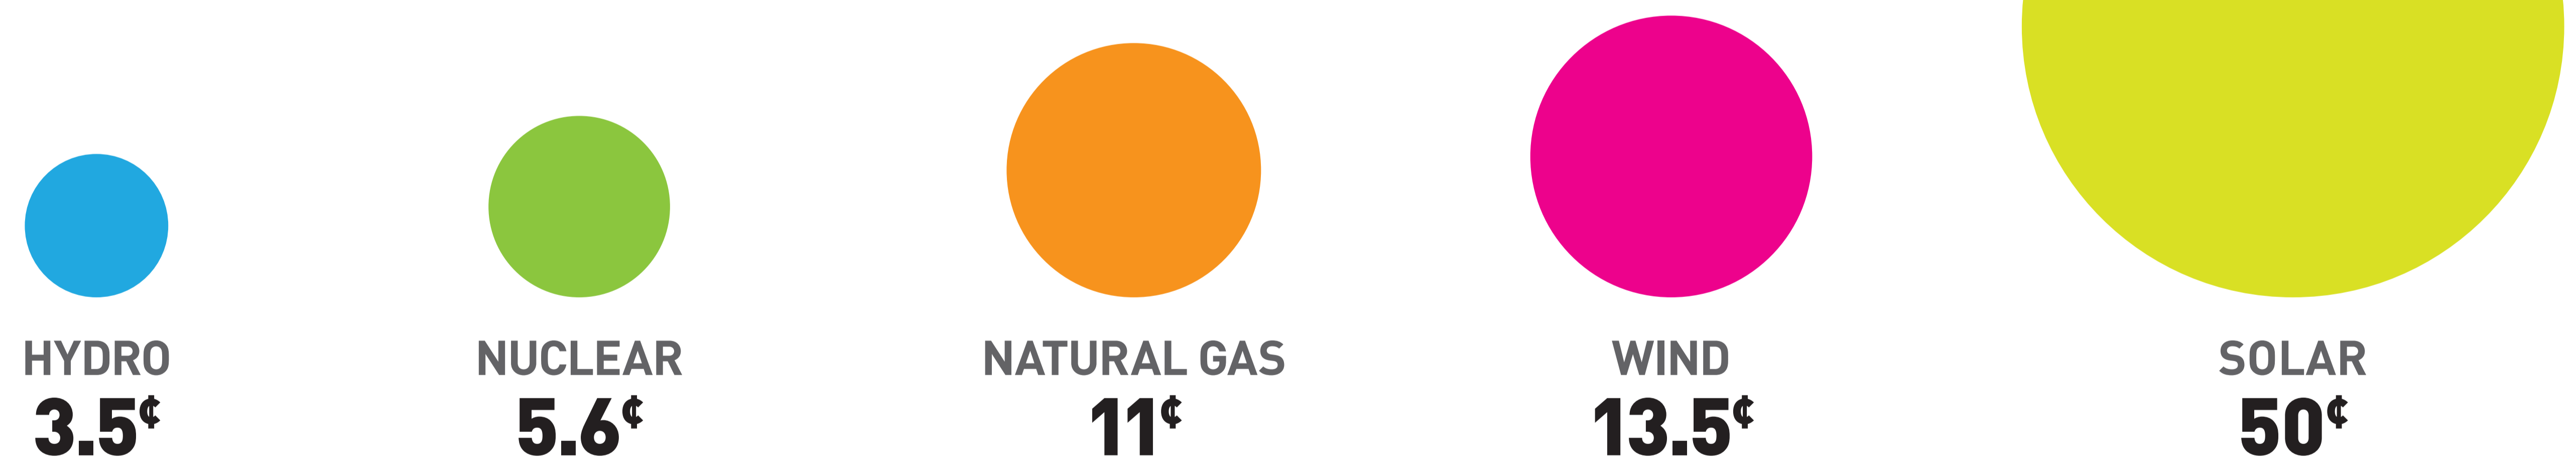

On a lifecycle comparison, nuclear generates less CO<sub>2</sub> than solar and all of the fossil fuels.

Source: Intergovernmental Panel on Climate Change

## AFFORDABLE

How much does it cost to run ten 100-watt light bulbs for an hour? These are recent average consumer costs per kWh.

**NUCLEAR IS CHEAPER THAN GAS, WIND AND SOLAR.**

Source: Ontario Power Authority, OPG, CD Howe Institute

## JOB

Refurbishing 10 reactors puts Ontario **back to work.**
